

INFORMAZIONI PERSONALI Valentina Grillea

Sesso

| Data di Nascita

| Nazionalità

Come Head of Scouting and Matching mi occupo di sviluppare opportunità di cooperazione tra attori che forniscono soluzioni (piccole e medie imprese o start-ups) e chi è in cerca di soluzioni (principalmente corporate). Nel garantire una cooperazione, anche a livello internazionale, di alto livello, mi occupo di identificare le opportunità (da un punto di vista economico/investimento e non) più calzanti per la situazione e di creare un processo di sviluppo/investimento volto a generare impatto sul lungo termine a livello aziendale e territoriale. Lavorando da più di 10 anni a livello internazionale e avendo precedente lavorato in Italia (Torino), ho un network internazionale molto ampio e variegato che spazia da rappresentanti istituzionali a attori industriali e finanziario (es. Venture Capital, Fondi di investimento etc). In aggiunta svolgo ruolo di supporto per talenti e entrepreneurs tramite workshop volti a espletare la possibilità di business a livello locale e internazionale. Aiuto regolarmente start-ups e SMEs come coach preparandoli a pitch session e all'incontro con investitori o aziende. Ho ideato e faccio parte del comitato di Board del Green Innovation and Investment Forum, l'evento internazionale di matchmaking per l'early stage su tecnologie green che si tiene annualmente a Stoccarda. Ho sviluppato varie attività di cooperazione internazionale e territoriale su vari temi, come sviluppo di impresa, attrazione di investimenti, international cooperation, open innovation, trasferimento di buone pratiche tra regioni, sviluppo di politiche locali e regionali. Nell'ultimo anno ho contribuito a finalizzare la collaborazione tra la mia azienda e UC Berkley per diventare polo di sviluppo e learning in Germania per la suddetta Università. Offro come facilitatrice workshop su Lean Start-up, Business Model Innovation (facendo ricorso ai vari tools e tecniche esistenti) più sessioni volte a stimolare l'ideazione di nuove idee di business e non, adottando la metodologia del Design Thinking. Ho anche ideato lo sviluppo e stimolato processi di co-creation tra talenti e aziende oltre ad aver creato un Innovation lab a livello locale (città di Ulma) e internazionale (in collaborazione con Demola). Sono in possesso della certificazione PMP e la certificazione su Business Model Innovation (rilasciato dall'università di Aquisgrana- Germania). Facilito regolarmente lezioni e workshop presso varie Università come ad esempio presso l'Università di scienze applicate in Costanza (Germania) all'interno del Summer School sulla cultura imprenditoriale (2015/2016/2017) o presso aziende private.

SHORT PROFILE

Ho un'esperienza decennale in merito alla normativa europea in materia di fondi strutturali e di cooperazione, nel corso della mia carriera professionale sono stata (e lo sono tuttora) responsabile (come coordinatrice e partner) di vari progetti Europei (Alpine Space Interreg, Central Europe, H2020) sui temi del trasferimento tecnologico, supporto di policy, metodi di innovazione e gestione innovative, Business Model Innovation, cooperazione internazionale, promozione territoriale e di piccole e medie imprese. Ho anche coordinato all'interno dell'acceleratore FIWARE – Fabulous i servizi di supporto al business per circa 80 aziende appartenenti al settore della Stampa 3D. Infine, sono una esperta e valutatrice esterna per la Commissione Europea per il programma H2020, COSME e EASME. La mia formazione si basa su una Laurea triennale in Scienze della Comunicazione e specialistica su ICT e Business Administration conseguite presso l'Università degli Studi di Torino. In passato ho lavorato come Project Manager per l'Agenzia per lo sviluppo Regionale del Baden-Wurttemberg (in Germania). Parlo perfettamente Italiano (madrelingua), Inglese e Tedesco.
