

# NATURA 2000 - STANDARD DATA FORM

For Special Protection Areas (SPA),  
Proposed Sites for Community Importance (pSCI),  
Sites of Community Importance (SCI) and  
for Special Areas of Conservation (SAC)

SITE IT1203010  
SITENAME Zona umida di Morgex

## TABLE OF CONTENTS

- 1. SITE IDENTIFICATION
- 2. SITE LOCATION
- 3. ECOLOGICAL INFORMATION
- 4. SITE DESCRIPTION
- 5. SITE PROTECTION STATUS
- 6. SITE MANAGEMENT
- 7. MAP OF THE SITE

## 1. SITE IDENTIFICATION

|          |               |                             |
|----------|---------------|-----------------------------|
| 1.1 Type | 1.2 Site code | <a href="#">Back to top</a> |
| C        | IT1203010     |                             |

### 1.3 Site name

|                      |
|----------------------|
| Zona umida di Morgex |
|----------------------|

|                            |                 |
|----------------------------|-----------------|
| 1.4 First Compilation date | 1.5 Update date |
| 1995-11                    | 2024-12         |

### 1.6 Respondent:

|                    |                                                                                                                     |
|--------------------|---------------------------------------------------------------------------------------------------------------------|
| Name/Organisation: | Regione Valle d’Aosta Ass.to Agricoltura e risorse naturali Dip.to Risorse Naturali Serv. Gestione Risorse naturali |

3. ECOLOGICAL INFORMATION

[Back to top](#)

3.1 Habitat types present on the site and assessment for them

| Annex I Habitat types |    |    |            |               |              | Site assessment  |                  |              |        |
|-----------------------|----|----|------------|---------------|--------------|------------------|------------------|--------------|--------|
| Code                  | PF | NP | Cover [ha] | Cave [number] | Data quality | A B C D          | A B C            |              |        |
|                       |    |    |            |               |              | Representativity | Relative Surface | Conservation | Global |
| 3130                  |    |    | 0.6        |               | P            | C                | C                | C            | C      |
| 6410                  |    |    | 1.62       |               | M            | C                | C                | B            | C      |
| 6430                  |    |    | 2.1        |               | P            | C                | C                | B            | C      |
| 6520                  |    |    | 7.85       |               | M            | B                | C                | B            | B      |
| 91E0                  |    |    | 3.11       |               | M            | C                | C                | B            | C      |

- **PF:** for the habitat types that can have a non-priority as well as a priority form (6210, 7130, 9430) enter "X" in the column PF to indicate the priority form.
- **NP:** in case that a habitat type no longer exists in the site enter: x (optional)
- **Cover:** decimal values can be entered
- **Caves:** for habitat types 8310, 8330 (caves) enter the number of caves if estimated surface is not available.
- **Data quality:** G = 'Good' (e.g. based on surveys); M = 'Moderate' (e.g. based on partial data with some extrapolation); P = 'Poor' (e.g. rough estimation)

3.2 Species referred to in Article 4 of Directive 2009/147/EC and listed in Annex II of Directive 92/43/EEC and site evaluation for them

| Species |      |                                           |   |    | Population in the site |      |     |      |      |          | Site assessment |       |      |      |
|---------|------|-------------------------------------------|---|----|------------------------|------|-----|------|------|----------|-----------------|-------|------|------|
| G       | Code | Scientific Name                           | S | NP | T                      | Size |     | Unit | Cat. | D. qual. | A B C D         | A B C |      |      |
|         |      |                                           |   |    |                        | Min  | Max |      |      |          | Pop.            | Con.  | Iso. | Glo. |
| B       | A229 | <a href="#">Alcedo atthis</a>             |   |    | c                      |      |     |      | V    | DD       | D               |       |      |      |
| B       | A029 | <a href="#">Ardea purpurea</a>            |   |    | c                      |      |     |      | V    | DD       | D               |       |      |      |
| I       | 1092 | <a href="#">Austropotamobius pallipes</a> |   |    | p                      |      |     |      | P    | DD       | C               | C     | A    | B    |
| M       | 1308 | <a href="#">Barbastella barbastellus</a>  |   |    | p                      |      |     |      | P    | DD       | C               | B     | C    | B    |
| B       | A026 | <a href="#">Egretta garzetta</a>          |   |    | c                      |      |     |      | V    | DD       | D               |       |      |      |

- **Group:** A = Amphibians, B = Birds, F = Fish, I = Invertebrates, M = Mammals, P = Plants, R = Reptiles
- **S:** in case that the data on species are sensitive and therefore have to be blocked for any public access enter: yes
- **NP:** in case that a species is no longer present in the site enter: x (optional)
- **Type:** p = permanent, r = reproducing, c = concentration, w = wintering (for plant and non-migratory species use permanent)

- **Unit:** i = individuals, p = pairs or other units according to the Standard list of population units and codes in accordance with Article 12 and 17 reporting (see [reference portal](#))
- **Abundance categories (Cat.):** C = common, R = rare, V = very rare, P = present - to fill if data are deficient (DD) or in addition to population size information
- **Data quality:** G = 'Good' (e.g. based on surveys); M = 'Moderate' (e.g. based on partial data with some extrapolation); P = 'Poor' (e.g. rough estimation); VP = 'Very poor' (use this category only, if not even a rough estimation of the population size can be made, in this case the fields for population size can remain empty, but the field "Abundance categories" has to be filled in)

3.3 Other important species of flora and fauna (optional)

| Species |      |                                           |   |    | Population in the site |     |      |         | Motivation    |   |                  |   |   |   |
|---------|------|-------------------------------------------|---|----|------------------------|-----|------|---------|---------------|---|------------------|---|---|---|
| Group   | CODE | Scientific Name                           | S | NP | Size                   |     | Unit | Cat.    | Species Annex |   | Other categories |   |   |   |
|         |      |                                           |   |    | Min                    | Max |      | C R V P | IV            | V | A                | B | C | D |

| N23                 | 14.0    |
| N06                 | 15.0    |
| N16                 | 23.0    |
| N07                 | 20.0    |
| N10                 | 28.0    |
| Total Habitat Cover | 100     |

Other Site Characteristics

Piccola zona umida di piana alluvionale dell’alta valle centrale, alimentata principalmente dalla falda di subalveo del fiume Dora Baltea. Presenza di infrastrutture: a valle dell’area vi è uno sbarramento sul fiume; l’area è divisa in due parti dalla strada nazionale del Monte Bianco; ai margini vi è uno stabilimento per l’ittiofauna.

4.2 Quality and importance

Zona di sosta per uccelli migratori legati alle zone umide.Possibili modificazioni degli habitat a seguito dell’effetto dei cambiamenti climatici. Eventi alluvionali

4.3 Threats, pressures and activities with impacts on the site

4.4 Ownership (optional)

4.5 Documentation

Esecuzione ricerche scientifiche dei siti Natura 2000 della Valle d'Aosta (studio floristico), Bovio - Poggio

5. SITE PROTECTION STATUS (optional)

5.1 Designation types at national and regional level:

[Back to top](#)

| Code | Cover [%] | Code | Cover [%] | Code | Cover [%] |
|------|-----------|------|-----------|------|-----------|
| IT13 | 1.0       | IT05 | 30.0      |      |           |

5.2 Relation of the described site with other sites:

5.3 Site designation (optional)

6. SITE MANAGEMENT

6.1 Body(ies) responsible for the site management:

[Back to top](#)

|               |                                            |
|---------------|--------------------------------------------|
| Organisation: | Assessorato Agricoltura e Risorse Naturali |
| Address:      |                                            |
| Email:        |                                            |

6.2 Management Plan(s):

An actual management plan does exist:

|                                                 |
|-------------------------------------------------|
| <input type="checkbox"/> Yes                    |
| <input type="checkbox"/> No, but in preparation |
| <input checked="" type="checkbox"/> No          |

6.3 Conservation measures (optional)

7. MAP OF THE SITES

INSPIRE ID:

Map delivered as PDF in electronic format (optional)

☐ Yes ☒ No

Reference(s) to the original map used for the digitalisation of the electronic boundaries (optional).
